

brave new markets

10.09.2024

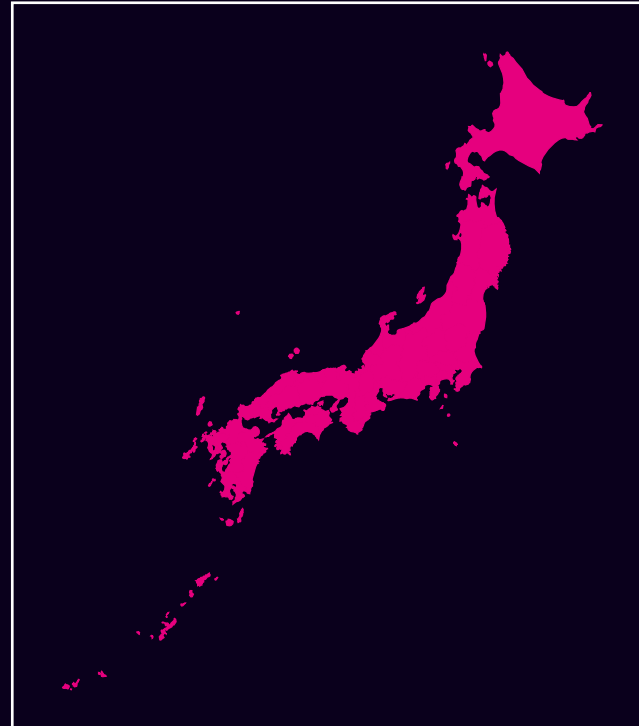

enspired status

- ✓ **Germany.** enspired main market.
 - ✓ **Belgium, Netherland, Austria.** Tailoring full cross market optimization offering to each country
 - ✓ **UK.** Ready to go plan. Continuously monitoring, the evolution of the Wholesale market and other revenue streams
 - ✓ **France.** Ready to seize opportunities from changes in regulations and introduction of European programs.
 - ✓ **Denmark.** Collaboration with Energinet

next countries on the roadmap

- ✓ **Spain.** Adapting enspired platform to OMIE. Developing solutions to offer full cross market optimization based on local requirements and regulations (ready to trade by Q3 2025)
- ✓ **Japan.** Adapting the enspired platform to JEPX. In the process of developing local partnerships to offer asset optimization services.

Countries of interest within EPEX and Nord Pool exchanges

- ✓ Baltics
- ✓ Nordics
- ✓ Poland (in parallel to TGE)

Growing markets under development, aligning with the EU programs

Currently characterized by low liquidity for which enspired is designing dedicated strategies and solutions.

Countries of interest within different exchanges

- ✓ **Greece.** Evaluating what is needed to adapt our platform to HENEX
- ✓ **Italy.** (GME). Facing local regulations and complexity + MACSE

Structured plan to enter new markets

- Country flexibility development, local demand,and your inputs
- Local Exchange
- Wholesale market structure and fundamentals (status and new integrations)
- Ancillary services market structure and fundamentals (status and new integrations)
- Local regulations
- Local products and revenue streams that could be included

let's have a chat!
